Application No. 020

Mr. Al O'Steen  
Traffic Manager  
Halsted Metal Products  
US 311  
Pine Hall, North Carolina 27042

Dear Mr. O'Steen:

This is to provide you with notification that one of your requests for twin-trailer truck access to the Halstead Metal Products terminal north of Pine Hall has been approved. The approved route, Request #2, is described below:

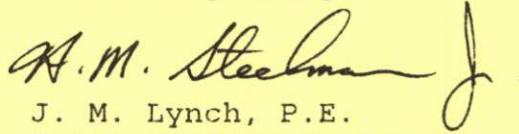

\* NC 66 from US 158 in Forsyth County westward to US 311, then in a northerly direction along US 311 to the Halstead Metal Products terminal north of Pine Hall, Stokes County.

Route Request #1 which was along US 311 from I-40 in Winston-Salem northward to the terminal, is denied on the basis of approval of Route Request #2 coupled with the factors that Route Request #1 is a more congested area and has a higher incidence of accidents.

Mr. Al O'Steen  
November 13, 1989  
Page Two

All weight limit restrictions that may exist on the approved route must be observed.

Yours very truly,

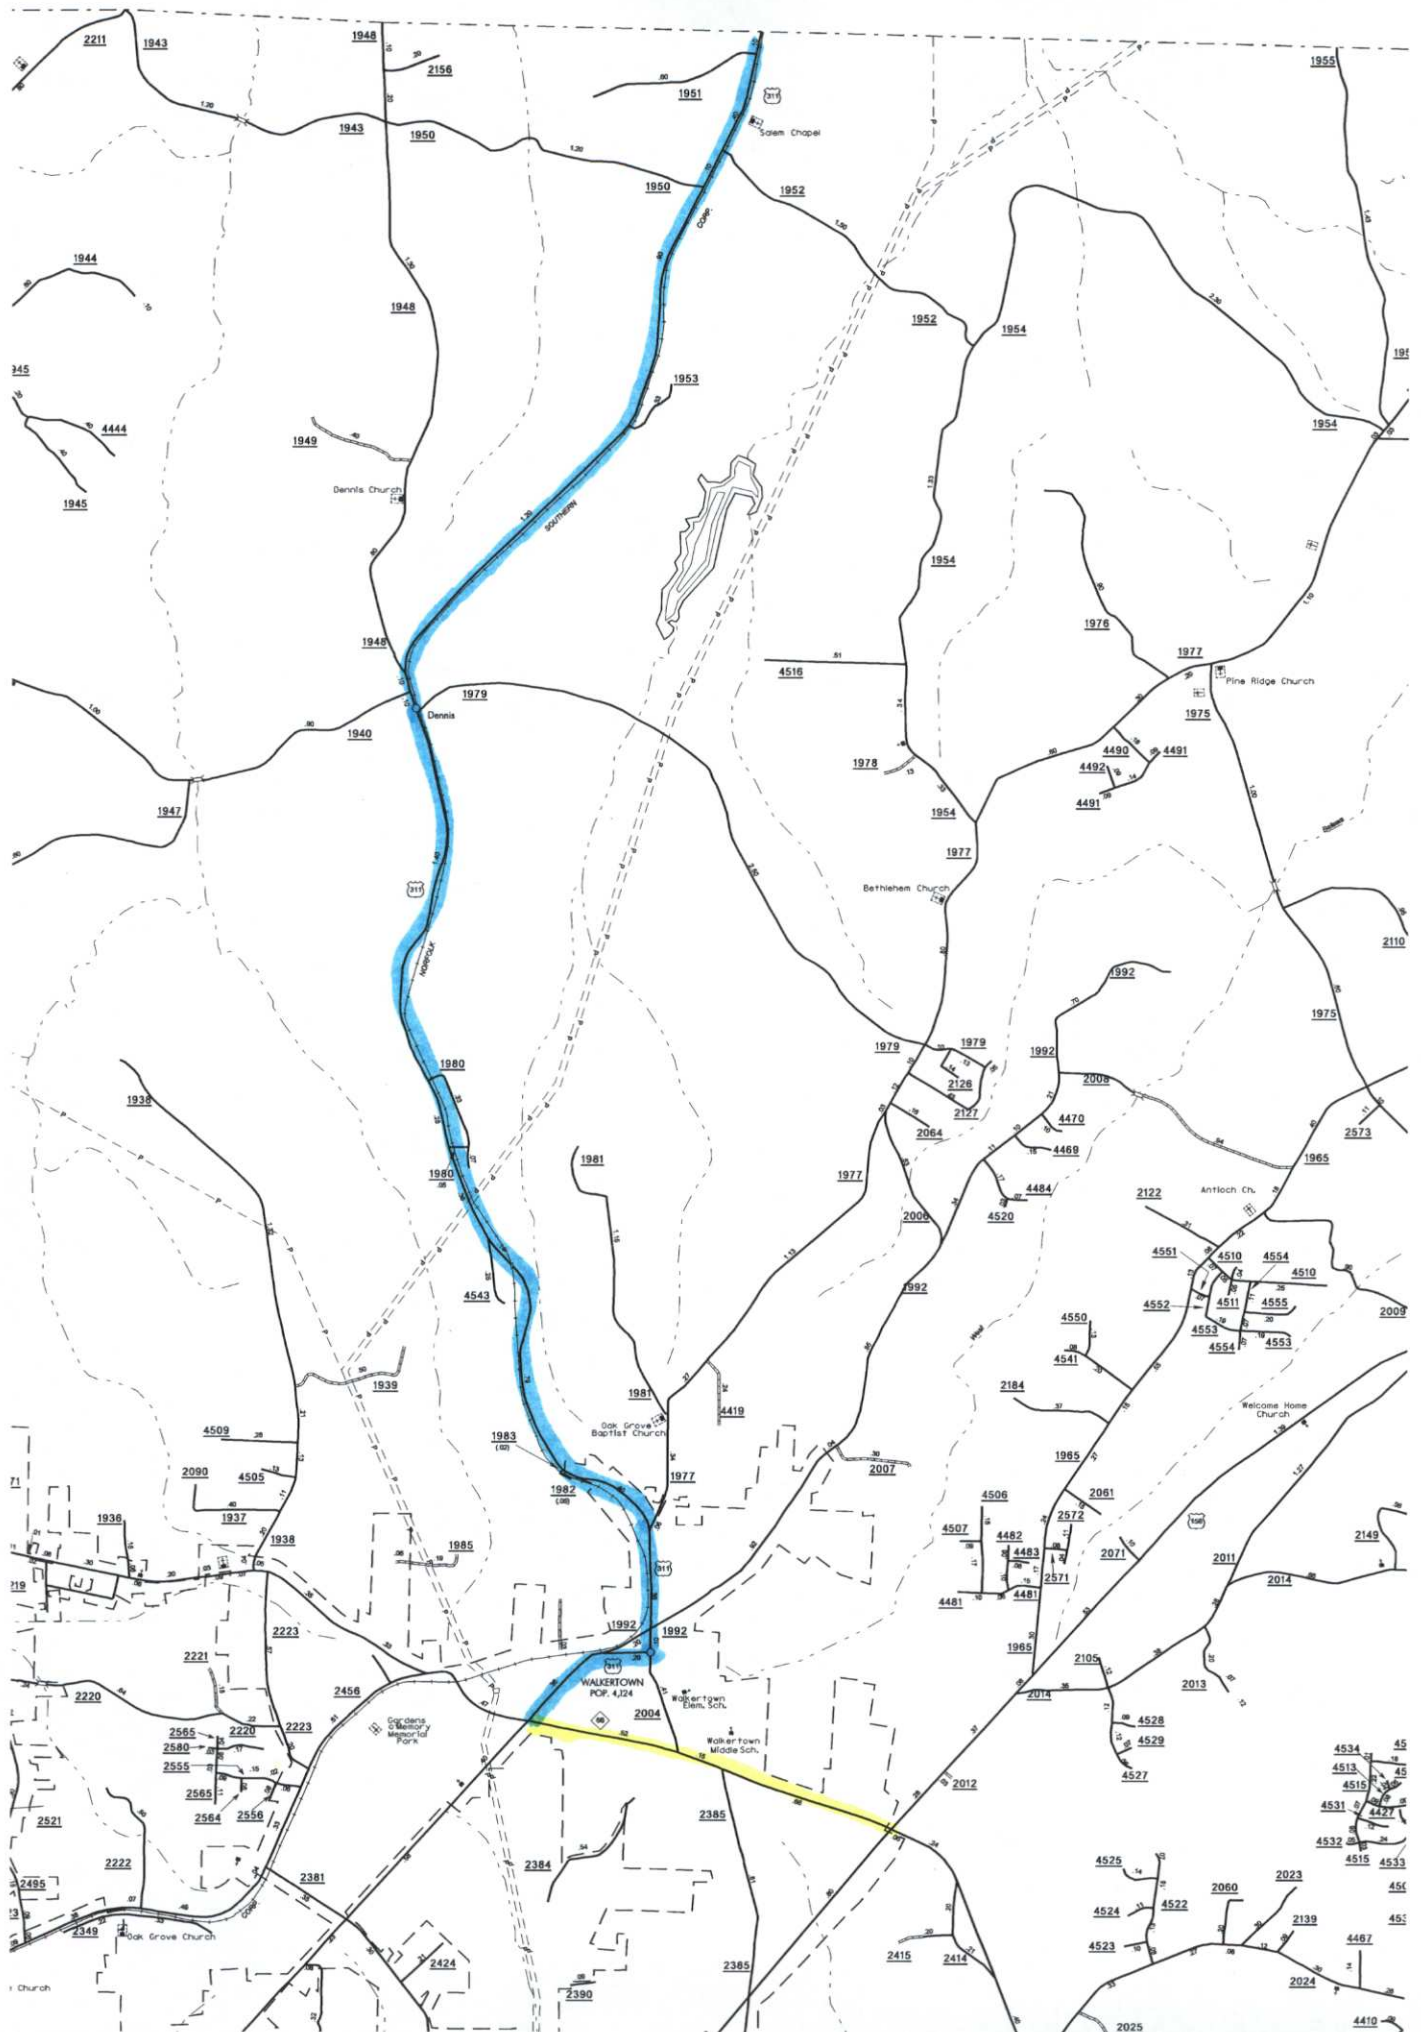

For

J. M. Lynch, P.E.  
State Traffic Engineer
